CBC Agreements Purpose

CB agreements are supported by agreements at Country level to improve the integration of ports, airports, railways, etc.

This step starts up the implementation of the action plans and ensures sustainability to the actions.

CB board and technical working groups represent the system where agreements will be designed, promoted and adopted.

ERFC - European Regional Framework Co-operation

CBC Agreements Main Idea - ERFC

- Support ERFC's pilot application
- “Open the doors” for a closer cooperation between the MoU parties in various sectors of common interest such as Innovation, Tourism, Health, Agriculture etc
- To enhance the European Territorial Cooperation through several Action plans to be adopted in line with the various strategies that the European Union is going to adopt at macro-regional level with a particular reference with the European Strategy for the Adriatic Ionian Region
- Strengthens the cooperation between the participating countries
