

General Objective of Ready Women Project is to offer new opportunities and innovative instruments to adult women with disabilities for improving their qualifications and thus their levels of employability and integration into the labour market mainly through training actions aimed to the New Yields of Employment(NYE) and emerging sectors.

READY WOMEN TRAINING PORTAL IS READY!
www.readywomentraining.eu

Ready Women Training is an interactive tool whose purpose is to offer new opportunities and innovative instruments to women with physical and sensory disabilities for improving their qualifications and thus their levels of employability.

This web portal offers new methodologies and tools to make easier the training access, assessment and development of competences and their transference to the labour context, mainly through training contents related to the New Yields of Employment (NYE) and emerging sectors.

Ready Women Training is available in 8 languages, (English, Spanish, Portuguese, Italian, Greek, Turkish, Bulgarian and Latvian). Participate in our courses and be a ready women!
